

S-TEN NR SINGLE TANK

AWTS STS 2022

WHY THE S-TEN?

- ✓ BioSeptic's newest Aerated Wastewater Treatment System (AWTS).
- ✓ Was granted NSW Health Certificate of Accreditation No 057 for installation in NSW.
- ✓ Completed its 34 week test to AS1546.3 and was accredited to the ADVANCED SECONDARY STANDARD. This is the highest level that can be attained.
- ✓ Tested and accredited for NUTRIENT REDUCTION so it can be installed in sensitive areas that require a higher level of treatment.
- ✓ Condensed into one tank it has all of the proven technology of the two tank Performa AWTS that has been in continuous production since 1993.
- ✓ Built in a new one piece tank with six separate chambers. It is poured in one piece, so there can be no leaks between chambers.
- ✓ Only has one connection point and is delivered with all components already installed, so it is ready to plug and play. Connect the sewer and power and the S-TEN is ready to begin treating all household waste.

BIOSEPTIC STS-AWTS

BioSeptic S-TEN

NSW Health Certificate of Accreditation - STS-AWTS 057

CHAMBERS	CAPACITIES
Septic chamber 1	2289 L
Septic chamber 2	1150 L
